# Kirill Konovalov

Frontend Developer | React.js

## About me

---

Highly skilled frontend developer with a passion for both continuous learning and for personal growth. Previously, being a teacher, I have gained a strong ability to mentoring, effective communication and conflict management. Now I am ready to bring my web development experience and knowledge to the company where I will have the opportunity to apply my skills and improve them.

## Experience

---

2020–2022

Freelance

### Frontend Developer

#### Main responsibilities:

- Building dynamic, interactive frontend applications in React.js and Typescript
- Cross-browser development and testing
- Building rich data-driven web applications by consuming RESTful services and APIs
- Responsible for providing applications performance through JavaScript profiling and code optimization
