Kirill Konovalov

Front-End Developer | React.js

About me

Highly skilled front-end developer with a passion for both continuous learning and for personal growth. As a person who is starting out, I am constantly seeking for new ways to expand my skill set. Previously, being a teacher, I have gained a strong ability to mentoring, effective communication and conflict management. Right now, I am ready to start working in a company where I will have the opportunity to apply my skills and improve them.

Experience

2021-2022
Freelance

Front-End Developer
Main responsibilities:
- Developed SPA using vanilla JavaScript, TypeScript, React.js, REST API, Webpack, Git, BEM, Material UI, Media-queries
- Added static typing to the projects using TypeScript
- Led a team of 3 developers, using SCRUM and Kanban methodologies

Projects

Notes Keeper — Google Keep clone note-taking app built using React and Material UI component library

Shelter — Landing page with responsive layout, sliders and popup windows

Library Website — One-page library website built using React and Google Calendar API
